

Starts March 2026

2026 Hawaii Transportation Project Management Training Program

Federal funding requirements

Learn to navigate federal funding processes, including eligibility criteria, application procedures, and compliance mandates.

Project management

Gain essential skills in planning, executing, and monitoring transportation projects to ensure they are completed on time and within budget.

Federal, state, and local policies and procedures

Understand how to align transportation projects with the regulatory frameworks and operational standards at all government levels.

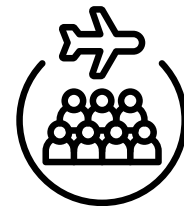

Improve project delivery

Explore strategies to streamline workflows, enhance communication, and overcome obstacles to deliver projects more efficiently.

One all-day class
each month for 8
months

Includes multi-day site
visit to peer city at end of
program in
October 2026

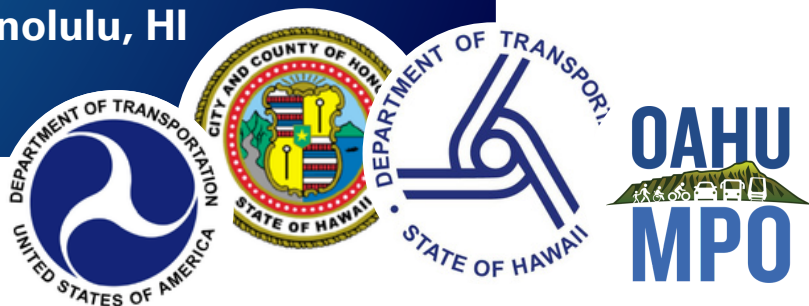

100% federally funded using funds provided by the Federal Highway Administration. All costs associated with this training will be reimbursable to the student.
