

State Government Employee TDM Study

Mahalo for subscribing to updates on the State Government Transportation Demand Management (TDM) Study! These newsletters will provide updates on the study and additional opportunities to provide feedback and get involved. This study officially kicked off in April 2024. Here's a quick update about what's been completed so far, what's in progress, and what's in store!

Announcements

Invitations to Join State Employee Focus Groups will be sent in July

Focus groups of state employees will be held virtually to seek additional feedback on commuting challenges, opportunities, and gather input on strategies to improve how people get to and from work. Select participants will be

an email from us.

Survey Winner Announced

We would like to congratulate Kellen from the Department of Human Resources Development (DHRD) on being randomly selected as the winner of a \$50 Foodland gift card! Kellen regularly carpool to work!

State Government Employee Survey Highlights

Thank you to everyone who participated in the State Government Employee Transportation Survey! This survey was distributed to State employees to gather information about commute patterns, behaviors, and challenges. We received 3,537 complete responses from State Employees on Oahu, which represents approximately 32% of the total 11,170 employees on Oahu. With such a fantastic response rate, we are excited to share some highlights from the survey results.

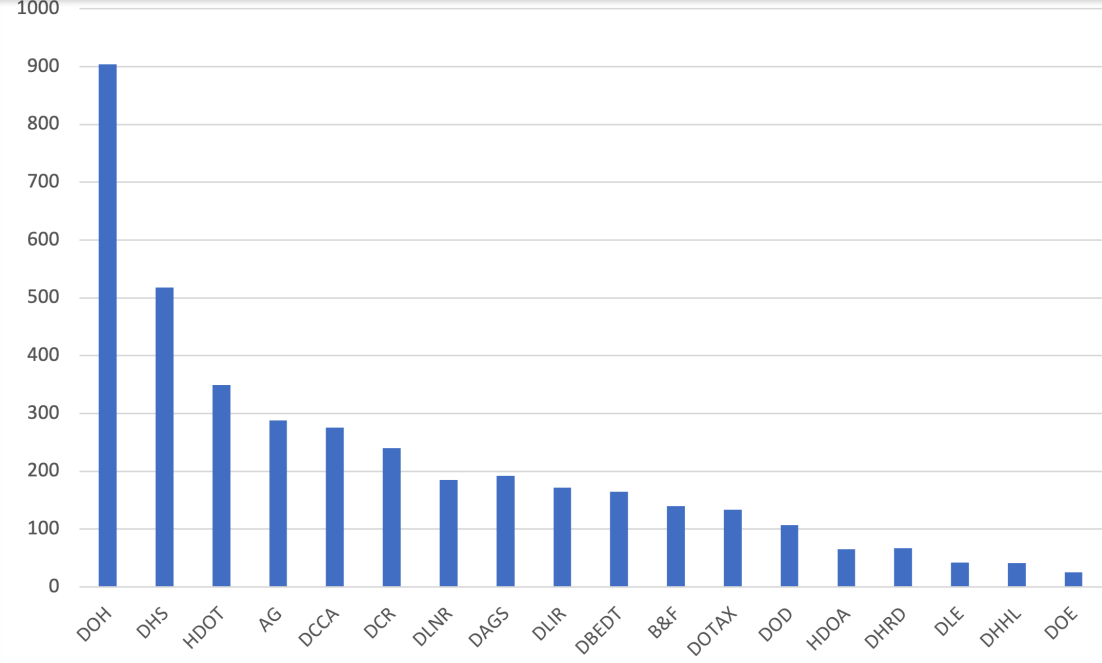

3000+

study participants
identify spending
up to

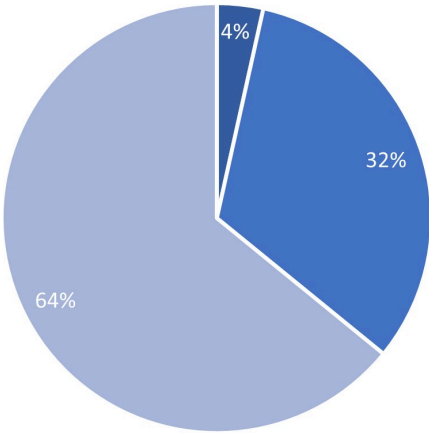

< \$2000

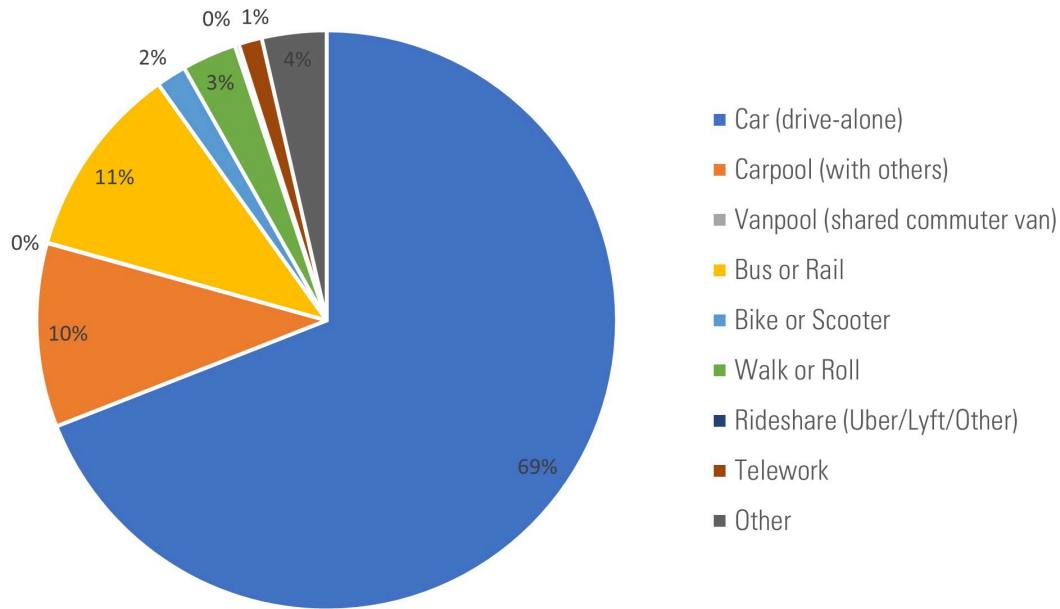

monthly on
transportation
costs

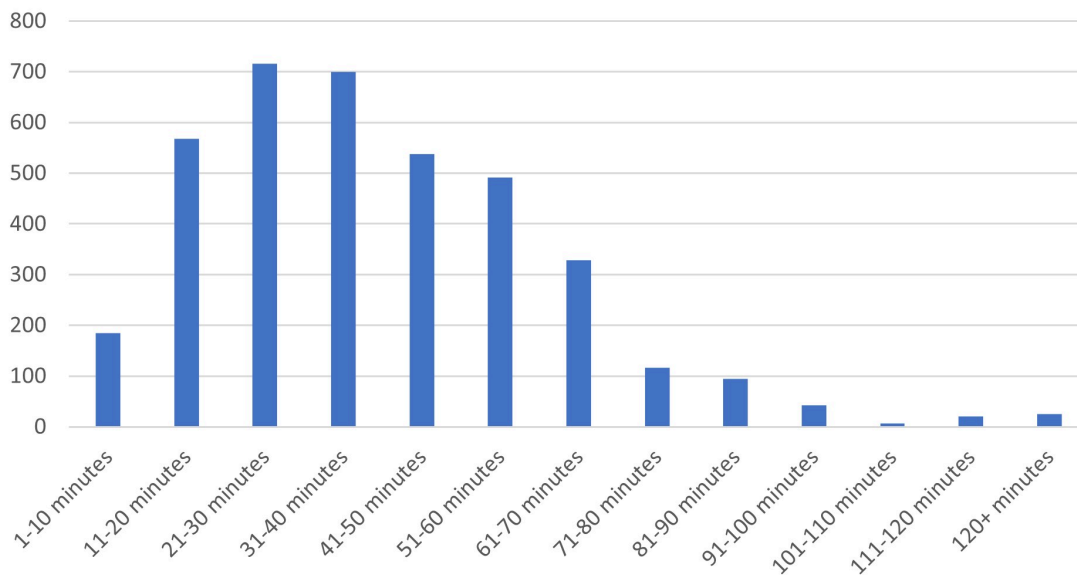

Number of vehicles per household

■ 0 automobiles ■ 1 automobile ■ 2 or more automobiles

Commute time from home to work

More updates coming soon!

Stay tuned for more updates in the coming months from the OahuMPO. Remember to whitelist this sender to ensure you receive our newsletters directly to your inbox. Thank you for your continued interest in the State Government Employee Transportation Study!
